IN THE CLAIMS:

Please cancel claims 1-7 without prejudice or disclaimer of the subject matter thereof, and add the following new claims:

--8. A disc cartridge for receiving a disc-like recording medium therewithin, comprising:

said disc-like recording medium being insertable and removable from said disc cartridge, said disc cartridge having an insertion and removal port opening and closing member; and

said disc insertion and removal port opening and closing member being moved from said disc cartridge when taking out said disc-like recording medium,

wherein said disc cartridge has a locking member for locking said insertion and removal port opening and closing member, and

wherein at least a part of a locking cancellation preventing member which prevents said locking member from moving for canceling the locking is arranged at a moving path for said locking member along which said locking member is required to move so as to cancel the locking.
